SUCTION & DISCHARGE HOSE ASSEMBLIES

Medium Duty Suction & Delivery Hose Assemblies

A medium weight PVC hose, reinforced with a rigid crush and kink resistant internal white PVC helix. It is tough, flexible and extremely durable. It has outstanding resistance to the effects of weather. Minimum frictional loss is achieved by the smooth bore.

Key Features

- Tough, flexible and extremely durable even under cold working conditions.
- Outstanding resistance to the effects of weather.
- Excellent chemical and abrasion resistance.

Application examples:

- Suction and discharge of water, slurry, sewage, powders and semi-liquid products
- Agricultural
- Construction
- General manufacturing industries
- Higher vacuum applications

External Spiral Suction Hose Assemblies

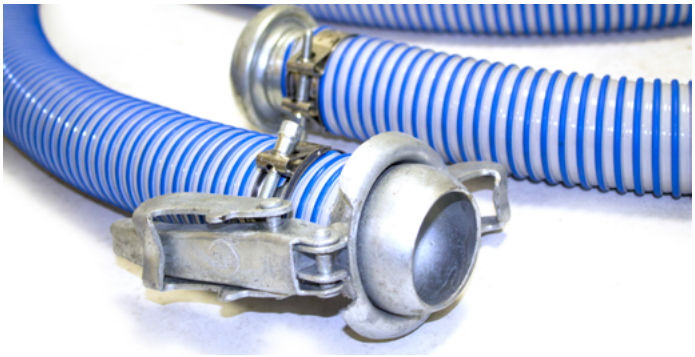

Medium duty elastic quality suction hose with an external crush resistant helix. The exposed outer helix has excellent abrasion resistance and minimises drag resistance. Tough, flexible and extremely durable even under very cold working conditions. Excellent resistance to weather. Suitable for suction and discharge of water, slurries, liquid sewage and dilute chemicals.

Key Features

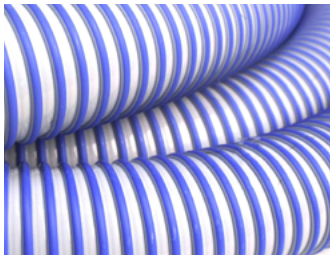

- Tough, flexible and extremely durable even under very cold working conditions.
- Optimum flow is maintained by the smooth bore.
- Heavy duty external helix offers improved abrasion resistance and shock resistant properties.
- Excellent chemical and abrasion resistance.

Application examples:

- Suction and delivery of water, sewage, slurries and powders
- Construction
- General manufacturing industries
- Agricultural tanker applications
